accomplishments

- Intervention Specialist teacher, testing proctor, HQT in all core content areas . Highly motivated educational professional ready to engage multi-cultural students in all learning levels.
- Talent for designing unique lessons using technology and hands on activities for delivering difficult content concepts.
- Understands and provides differentiated instruction to provide struggling students with concrete strategies to succeed.

professional summary

Meticulous teacher and intervention specialist , excellent at juggling multiple tasks and working under pressure. Working in the online environment for education provided me with the flexibility to be creative in designing lessons and interventions for my students. Being a long term, permanent substitute teacher gave me the opportunity to hone my teaching skills and provide me with extensive knowledge of the different types of learners in each classroom.

skills

- Personalized learning
- Technology expert
- Differentiation of assignments
- HQT in all subjects
- Expert use of Microsoft Office
- Gathering, analyzing and organizing data
- Extensive use of computer math programs to supplement curriculum

interests

I am a member of the National Council of Teachers of Mathematics. Connecting with other math teachers and researching new ways of teaching math are my passion. I enjoy photography, art and building with Legos in my spare time.
